DETECT

We're searching over a trillion data points every day looking for potential threats to your identity.

ALERT

With the patented LifeLock Identity Alert® system, as soon as we detect a threat to your identity, you'll be notified by text, phone or email, to help stop thieves before they can do damage to your identity.

RESTORE

If you do become a victim, our U.S. based Certified Resolution Specialists are available to handle your case every step of the way.
